

Hot Food Idomeni in Serbia

Hot Food Idomeni gratefully appreciates the donations from **Plus 1** with the help of **PPP**. This donation enables us to keep providing around 900 meals daily. We would not be able to serve as many meals without donations like these from around the world. Hot Food Idomeni is dependent on donations and is currently the only organization giving out food in Belgrade. At the moment there are around 1500 unaccompanied minors and men living outside without any access to a hot meal besides our distribution. Our meals provide necessary nutrients and we try to use a wide range of ingredients to keep them healthy and well nourished.

We always appreciate any help we are given and therefore thank all the donors in **Plus 1** and **PPP**.

This picture is taken at our distribution where everyone gets a plate of soup and two slices of bread.
